**Goal to Raise:** \$42 million

**Total Raised to Date:** \$35 million

### Endowment

**Goal to Raise:** \$30 million

**Total Raised to Date:** \$29 million

---

## Help us build the future at CMC.

As we move into the next phase of the campaign, we have focused our efforts on big visions that will make a long and lasting impact for all our museumgoers and supporters. To complete our Champion More Curiosity campaign by 2024, we are seeking to raise \$15 million in capital support to achieve our \$40 million goal to complete the following exhibits and improvements:

- Enhancements to the Children's Museum
- *Ancient Worlds Hiding in Plain Sight* (featuring our world-renowned Ordovician fossils)
- *Biomedical Science Gallery*
- *Indigenous Peoples Gallery* (featuring our archaeology collections)
- *Community Conversations*

**Your support continues to drive us.** We launched the Champion More Curiosity Campaign in July 2017 to reimagine our museum experience by creating bold, vibrant and engaging exhibits and to build further financial sustainability through endowment and operating support. Since then, we have developed and opened 15 permanent exhibits through the contributions of many supporters.
